NAE deploys an action plan around 3 ambitions :

Promote Normandy as a major region in aerospace, defense and security on its territory but also nationally and internationally.

Attract and secure the loyalty of talented persons.

Develop activities in the region, in order to ensure competitiveness

# Four dynamic action areas

## Research, Technology & Innovation

Actively participate to research in order to keep one step ahead

## Business & Performance

Develop the regional activities, while always targetting excellence

## Employment & Training

Prepare tomorrow's employment

## Communication

Promote Normandy as a first-class Aerospace Region
